Nairobi - Kenya.

Dear Madam,

RE: EXPRESSION OF GRATITUDE FOR AID.

This is to express my very sincere gratitude to the USAID - Kenya and in particular, your office for undertaking to pay for my school fees, accommodation and upkeep in College as I attempt to make a future for myself. Indeed, this assistance has gone along way to give a new lease of life to my education that was on the verge of a crumble.

I have to admit that a lot of positive changes have occurred in my academic and social life since I received this scholarship and I remain optimistic for more. It is a blessing that your office shares in this commendable service to the community and indeed to raise several dwindling souls.

A feeling of indebtedness remains strong in my heart and I promise to continue utilizing this opportunity positively through hardwork and profound discipline. Thank you.

Yours truly,

Kenneth O. Odada
