NAIROBI.

Dear Sir/Madam,

RE: THANKSGIVING FOR THE SCHOLARSHIP YOU GAVE ME.

I take this precious moment to express my sincere thanks for the help you offered me during the period I was in high school.

I must admit that you worked so hard to ensure that all the fees payments were completed on time & as it was required by the school. Through God's grace, I am sure I'm going to produce quality grades come February next year when the results will be released.

My desire is to continue with my studies in the university, medicine but majoring in orthopaedics. If you will continue giving the support you offered me for the two years I was in secondary school, I will count it a great privilege. Thankyou so much and may the Almighty bless you richly.

Yours faithfully,

~~DA~~
