Dear Sir / Madam

RE: APPRECIATION FOR SCHOLARSHIP

Being one of the USAID beneficiaries, I take this opportunity to express my heart-felt gratitude for the scholarship which I acquired in July 2009.

I have really benefited and there's a great change in my life. Having housework as my only profession, I could not have future plans because the little that I earned only catered for the basic needs and I had nothing to save. Sleeping hungry seemed to be normal but for the last two semesters, I have never omitted even a single meal. Life problems made me shed tears every now and then because I felt hopeless and rejected in the society. Nowadays, I am ever happy for I am stable and even if it means shedding tears may be tears of joy and happiness. I got a chance to socialise with people from different places and this prevents me from being lonely and ever thinking of the past.

I am moving on well with my studies and I promise to maximise my potentials and capabilities to achieve my goals. I will be a great benefit to other orphans and the needy, my family and the entire society.

For no words can express my joy and gratitude,  
may the almighty God bless u and expand your territory  
you took the burden ~~at~~ and made me have a need-  
live. May God enlighten your world and make it happy  
and comfortable, as u did to me. Hoping that this mess  
conveys my gratitude, ~~as~~ may I say once again,  
THANKYOU VERY MUCH.

Yours faithfully,

~~LILIAN~~
